

MURTI DEVI PUBLIC SCHOOL

HOLIDAY HOMEWORK

CLASS VI

Math:-

Prepare a chart -

- Write down the perimeter of rectangle, square, triangle and circle with figures.
- Cut out a rectangle, square, triangle, and circle and find area of it.
- Make a circle out of chart paper and mark to show centre of a circle, radius of a circle, diameter of a circle, chord of a circle, exterior points of a circle, interior points of a circle, secant of a circle, boundary of circle with diagram also.

Social Science:-

- Suppose you are the member of your municipality. You are facing the problem of not getting water in your homes. Write a newsletter to the editor of a reputed newspaper about the problems. How would you solve the problem.
- Delhi will go to elections in February 2020. What is an election manifesto? Also find out the election manifesto of ruling party in 2015. How much work have they done? Find out about the works done by MLA of your area in the past 5 years.

English:-

Read any English newspaper daily and find the following (at least 5)

6-A Roll No
